What is a 'passenger'? 2. What did Paddington add to his list? 3. How many things did Paddington have on his list? 4. Why did they have to go back? 5. What did the fisherman say to Paddington and Mr Grubber?	Thursday: Art Provide each child with an A4 piece of paper and a permanent marker. They must be permanent markers otherwise the pen will run when the water colours are added. Explain to the chn that they are going to create a landscape in the style of Heather Galler. Talk to the chn about the difference between landscape drawings and portrait drawings. Tell them for this task they are going to need to turn their paper landscape so that the wider edges are at the top and bottom. CT to model drawing a line quite close to the top of the page and explain this is the horizon where the sky looks like it meets the land. Ask then chn to draw the horizon on their A4 paper. Show the chn how to divide their land up into fields. CT to model drawing lines from the

			<p>horizon down to the bottom of their paper. Explain that you are going to divide some of the fields into 2 parts by drawing a line across each field.</p> <p>Encourage the chn to divide some of their fields lower and some higher.</p> <p>Create a thought shower of manmade and natural features included in landscapes. Talk about the difference. Beforehand chn rally robin each of the features and then use no hogs, no logs to create the thought shower for the chn to refer back to in the session when they are adding the features to their landscape. Tell the chn that they do not have to do a countryside landscape. However they should think about where Paddington might go in Disley? Relating it back to our topic work. So he could go to Lyme park, Peak Forest Canal, Torr Vale Mill, Torrs Hydro, The Torrs Riverside Park, Middlewood Way, High Lea Park, the town (the bakery, cafe, post office, dentist, supermarket...). They should try to recreate a landscape thinking about the Disley community (making Geography links).</p> <p>CT to demonstrate adding a house and a tree onto the horizon and explain that you are going to put a different pattern in each field. Ask the chn to draw their landscape and add patterns to each field.</p> <p>If you would like you could use a step by step</p>

Play a game of meet a tree. Together choose a tree and describe it to each other then move to a different area and one person closes their eyes. Lead them to different trees and see if they can identify it.</p> <p>Next, try to make a mini habitat in a special area. This could be making a small pond out of a plastic tub or a shelter against a tree for a small woodland animal. You can use natural items such as sticks and leaves.</p> <p>Have fun!</p>
